

# Custom Tap Handles

You've made your own beer,  
now you can have your  
own handle ...

in three easy steps.

1. Decide which of our stock taps best fits your design? The Round, Sliced Cone, Oval or Beer Bottle. Choose a high gloss black, shiny white or a natural wood finish handle. (The Beer Bottle only comes in dark brew brown.)
2. Using any graphics program, draw a circle or oval shape (see dimensions on back) and design your label. E-mail us ([nancy@marksupikco.com](mailto:nancy@marksupikco.com)) your file as a high resolution .jpg or .eps file. We'll let you know that we've received your file and that everything looks good for printing. Need help with your graphics? Give us a call at 410-732-8414.
3. We'll send you an invoice for \$85 through Paypal to cover the cost of your handle, custom label and USPS priority mail shipping to anywhere in the US. Within one week of the time we've approved your graphic and received your payment, we'll ship you your handle.
